Futures prices for different months of the same commodity will almost never be the same and of course none of them will be the same price as the spot price. If market traders expect prices to rise in the future, then the near-term futures price will be higher than the spot price and the more distant the future, typically the higher the price.

First edition 2010, this edition November 25, 2013 Â©Gary R

CHAPTER EIGHT CONCLUSION: A CHOICE OF FUTURES I Findings So Far To puH together the threads of the argument, we might first of all summarise the discussion in the foregoing chapters.
