Does a hospital have to allow an in-patient with a disability to keep a service animal in his or her room? A: Generally, yes. Service animals must be allowed in patient rooms and anywhere else in the hospital the public and patients are allowed to go. They cannot be excluded on the grounds that staff can provide the same services.

A hospital information system (HIS) is an element of health informatics that focuses mainly on the administrative needs of hospitals. In many implementations, an HIS is a comprehensive, integrated information system designed to manage all the aspects of a hospital's operation, such as medical, administrative, financial, and legal issues and the corresponding processing of services.

Secret Service interviews with Oswald's Marine officers. According to the testimony of John Emmett Donovan, his former commanding officer and his senior officer Daniel Patrick Powers (no relation to the U-2 pilot), Oswald was of "higher intellect and intelligence" than the average enlisted man and stood seventh in his class of 30 radar operators.
