

### **parenting from the heart pdf**

Parenting or child rearing is the process of promoting and supporting the physical, emotional, social, and intellectual development of a child from infancy to adulthood. Parenting refers to the intricacies of raising a child and not exclusively to the biological relationship. The most common caretaker in parenting is the biological parent(s) of the child in question, although others may be an ...

Learning Activities In Early Childhood Parents intuitively know that playing is good for children, but we rarely associate playing with learning. It turns out that there are many benefits of playing. For most people, learning means acquiring a specific skill, e.g. memorizing alphabets, counting, writing, etc., but playing is only for fun.
