The American robin (*Turdus migratorius*) is a migratory songbird of the true thrush genus and Turdidae, the wider thrush family. It is named after the European robin because of its reddish-orange breast, though the two species are not closely related, with the European robin belonging to the Old World flycatcher family. The American robin is widely distributed throughout North America ...

Latin American art is the combined artistic expression of South America, Central America, the Caribbean, and Mexico, as well as Latin Americans living in other regions.. The art has roots in the many different indigenous cultures that inhabited the Americas before European colonization in the 16th century. The indigenous cultures each developed sophisticated artistic disciplines, which were ...
