American Journal of Physical Chemistry (AJPC) publishes review articles describing frontier research areas in physical chemistry. Internationally renowned scientists describe their own research in the wider context of the field. The articles are of interest not only to specialists but also to those wishing to read general and authoritative accounts of recent developments in physical chemistry ...

American Journal of Physical Chemistry :: Science

Computational chemistry is a branch of chemistry that uses computer simulation to assist in solving chemical problems. It uses methods of theoretical chemistry, incorporated into efficient computer programs, to calculate the structures and properties of molecules and solids. It is necessary because, apart from relatively recent results concerning the hydrogen molecular ion (dihydrogen cation ...

Computational chemistry - Wikipedia

Purification in a chemical context is the physical separation of a chemical substance of interest from foreign or contaminating substances. Pure results of a successful purification process are termed isolate. The following list of chemical purification methods should not be considered exhaustive.

List of purification methods in chemistry - Wikipedia

B.Sc. - FIRST YEAR CHEMISTRY There shall be three written papers and a practical examination as follows: Max. Marks Paper " I Inorganic Chemistry 33
