Post-truth politics (also called post-factual politics and post-reality politics) is a political culture in which debate is framed largely by appeals to emotion disconnected from the details of policy, and by the repeated assertion of talking points to which factual rebuttals are ignored. Post-truth differs from traditional contesting and falsifying of facts by relegating facts and expert ...

The Politics of Climate Change in the United States

In a political environment defined by widespread polarization and partisan animosity, even simple conversations can go awry when the subject turns to politics. In their in-person interactions, Americans can (and often do) attempt to steer clear of those with whom they strongly disagree. But online social media environments present new challenges.
