is on political style, not substance. Hypocrisy is defined as the construction of a persona that generates a false impression, as in the theatre "hypocrites are actors, who put on masks" and is thus, for Runciman, a key aspect of political representation, and so central to the workings of liberal democracy as such.

Abstract. For thousands of years, the study of politics has been understood as inseparable from the study of social life as a whole. Art, religion, history, politics, and morality were all understood as interconnected, as constituted by and constitutive of one another.

## **Introduction: Political Theatre and the Theatre of Politics**

Political work will continue to be found on the stage because the theater is an ideal place for compelling stories about the complexities of the world in which we live. Unlike film or television where it is too easy to hit the mute button, theater requires the audience to come face to face with its characters.
