

### **practical prescribing with clinical pdf**

Key information about the clinical pharmacology and practical prescribing of each drug is presented side-by-side, allowing you to direct your attention as appropriate for your stage of training.

### **The Top 100 Drugs: Clinical Pharmacology and Practical**

Practical prescribing is discussed under the headings: prescription; administration; communication; monitoring; and cost. A clinical tip is presented for every drug. Single-best-answer questions are provided for self-assessment and to show how information from several drugs may be integrated.

### **The Top 100 Drugs: Clinical Pharmacology and Practical**

Clinical training for undergraduate students often focuses on diagnostic rather than therapeutic skills. Sometimes students are only expected to copy the prescribing behaviour of their clinical teachers, or existing standard treatment guidelines, without explanation as to why certain treatments are chosen. Books may not be much help either.
