This chapter describes Transit Oriented Development (TOD), which refers to residential and commercial districts located around a transit station or corridor with high quality service, with good walkability, parking management and other design features that facilitate transit use and maximize overall accessibility.

Online TDM Encyclopedia - Transit Oriented Development

Because the certification examination is clinically oriented and reflective of the day-to-day practice of family medicine, the most effective way to prepare for it is to participate actively in clinics, family medicine offices and learning opportunities such as case discussions, rounds and journal clubs.

Complexity characterises the behaviour of a system or model whose components interact in multiple ways and follow local rules, meaning there is no reasonable higher instruction to define the various possible interactions.. The term is generally used to characterize something with many parts where those parts interact with each other in multiple ways, culminating in a higher order of emergence ...

4 1. PURPOSE 1.1 The Shape of the Australian Curriculum: Mathematics will guide the writing of the Australian mathematics curriculum K-12. 1.2 This paper has been prepared following analysis of extensive consultation feedback to the National Mathematics Curriculum Framing Paper and decisions taken by the National Curriculum Board. 1.3 The paper should be read in conjunction with The Shape of ...

Shape of the Australian Curriculum: Mathematics

Inquiry-based learning (also enquiry-based learning in British English) is a form of active learning that starts by posing questions, problems or scenarios rather than simply presenting established facts or portraying a smooth path to knowledge. The process is often assisted by a facilitator. Inquirers will identify and research issues and questions to develop their knowledge or solutions.
