In the study of history as an academic discipline, a primary source (also called an original source) is an artifact, document, diary, manuscript, autobiography, recording, or any other source of information that was created at the time under study. It serves as an original source of information about the topic.

Primary source - Wikipedia

A secondary source is a book about history. Scholars will spend just as much time with secondary sources as they will with primary sources since they attempt to understand how other scholars interpret obscure events and may disagree with their analyses.

What Are Historical Sources? - History on the Net

Source material is widely used in history teaching at school, but often it is very different from the real thing. For school use, written sources are usually cut down in length, sometimes to little more than a couple of lines, the language is often simplified, and each source is given a label: Source A, Source B and so on.
