Background. Consolidated clinical practicum prepares pre-registration nursing students to function as beginning practitioners. The clinical competencies of final-year nursing students provide a key indication of professional standards of practice and patient safety.

A systematic review of clinical assessment for

An altered state of consciousness (ASC), also called altered state of mind or mind alteration, is any condition which is significantly different from a normal waking state. By 1892, the expression was in use in relation to hypnosis although an ongoing debate about hypnosis as an ASC based on modern definition exists. The next retrievable instance, by Dr Max Mailhouse from his 1904 presentation ...
