### **Public Economics 5th Edition - unionsquareventures.com**

Drawing on lively examples from around the world and from centuries of history, Sowell explains basic economic principles for the general public in plain English. Basic Economics, which has now been translated into six languages and has additional material online, remains true to its core principle: that the fundamental facts and principles of economics do not require jargon, graphs, or equations, and can be learned in a relaxed and even enjoyable way.
