Organizational analysis or more commonly Industrial analysis is the process of reviewing the development, work environment, personnel, and operation of a business or another type of association. This review is often performed in response to crisis, but may also be carried out as part of a demonstration project, in the process of taking a program to scale, or in the course of regular operations.

Chapter 4 Nonverbal Communication. When we think about communication, we most often focus on how we exchange information using words. While verbal communication is important, humans relied on nonverbal communication for thousands of years before we developed the capability to communicate with words.
